YOUNG AGRICULTURALISTS

Exhibit Vegetables and Grain Raised
Under County Agent's Supervision.

A number of people attended the first annual fair of the Boys and Girls Achievement club, held at the rooms of the local Board of Trade Tuesday afternoon. This is the club of school children formed under the direction of County Agent W. C. Kennedy to further interest in agriculture among the young people. This year three products were chosen, potatoes, tomatoes and corn and exhibits of the various vegetables were shown at the rooms. A boy and girl in each school was chosen as leader at the beginning of the campaign, to keep the others working. The visitors expressed surprise at the good results accomplished by the young people.

evening was greatly enjoyed by the members attending. It is the intention of the officers of the company to make this organization one of the most popular in town, and many new recruits are joining the ranks. Captain H. E. F. Tiesing acted as toastmaster after the most enjoyable chicken dinner had been disposed of, and outlined the policies for the year. Others who responded were Private James B. Fullerton, who spoke on the uniform of the National Guard and what it represented; Private Paul Merriam, who told of his experiences at the military camp at Plattsburg, N. Y., and Dr. W. S. P. Keating, lieutenant in the medical reserves, who spoke on the medical reserves.

GIVES \$250 TO COLLEGE.

Anne Wood Elderkin Chapter, D. A. R., Donates Gift Toward Fund for Windham Hall.

The first meeting of the season for Anne Wood Elderkin chapter, No. 23, D. A. R., was held Tuesday afternoon in the ladies' parlors of the Congregational church house. The new president, Mrs. Almada French, presided. Routine business was transacted, after which Mrs. French reported on the state convention of regents held at Windsor recently.

Some time ago the chapter voted the sum of \$250 for the purchase of a room at the new college at New London, and that amount was turned over Tuesday, to be used in the work of building Windham hall.

The subject was Old Trails, and a very interesting paper prepared by Mrs. Elsie E. Rogers of Norwich, chairman of the state committee, was read by Mrs. George F. Taylor. The paper was illustrated by postcards of historic places and buildings along the old post road from Boston to New York.

During the afternoon Mrs. C. C. Case read a letter from President Sykes of the Connecticut Women's college in regard to the need of money and the plans for Windham hall, a portion of which follows:

"The Connecticut college for women opened its doors on Sept. 27 it could boast the largest freshman class and the biggest endowment with which any woman's college ever started. Mr. Morton Plant's endowment of a million dollars and an entering class of over 100, make it unique among higher institutions for the training of women. It also has the finest situation of any college for women in the country, with its wide views of wooded hills, broad river, Long Island sound and distant sea."

"It had the distinction, too, of being the first college for women to combine so much technical and vocational work with the usual academic courses. There will be training in landscape gardening, art, photography, costume design, secretarial and library work, dietetics and a number of other practical studies, so that a girl on graduating will have not only the general culture obtained from art, music, literature, languages and history, but she will also be able to support herself if necessary, and if she marries and has a home of her own she will prove herself an efficient, scientifically trained housekeeper and mother."

"Although there are three colleges for men in the state, Connecticut college is the only place that offers higher education to girls. Last year 350 Connecticut girls went to colleges outside their state. It is not generally known, perhaps, that over 1,500 girls every year are turned away from the larger women's colleges for lack of room. Connecticut college will therefore fill a long-felt want."

"Already, however, the new college needs more dormitories. The two beautiful houses that Mr. Plant has given in memory of his father and mother are now crowded to the limit with the present class. The problem of housing next year's freshmen is a serious one. An effort is being made in Windham county to raise \$30,000 for a dormitory to be called Windham hall. Mr. David Hale Fanning of Worcester, Mass. (formerly of Jewett City), has so far secured the largest donor, who has given \$5,000 toward the fund. A committee of women has been formed from various towns in the county, Mrs. Christopher C. Chase of Jewett City being its chairman. This committee is devoting much time and thought to the cause, and it is hoped that before the year is over that the whole amount may be raised, so that Connecticut college will not have to begin its career by turning away a lack of room, girls who so earnestly desire a higher education."

"Windham county wishes the distinction of being the first county in Connecticut to erect a building at Connecticut college."

King's Daughters Entertain for Home Fund.
Trusting circle of the King's Daughters of this city gave a dinner at 8 o'clock Tuesday evening at the home of Mrs. Frank Smith of Cottage place, which was attended by about 60. Following the dinner, cards and a musical were given at the home of Mrs. Fred Williams. The proceeds of the two entertainments are to go toward the building of the Old People's Home, for which land was recently purchased, owing to the generosity of the late Mrs. Card, and for which the King's Daughters have been working for some time.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and take effect on the liver in almost instantaneous time. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with the old-fashioned, but to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the work that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" the blood and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

INTENSE BURNING OF SKIN

Trouble on Hands. Suffered Awfully. Could Not Put Hands in Water. Used Cuticura. In a Month Would Never Know Hands Were Sore.

71 Beacon St., Lynn, Mass.—"My trouble broke out with little pimples on my hands. They would fill with a watery substance and would not dry. I was unable to do my work. I suffered awfully with the itching and burning. I would scratch until my hands were red, the itching and burning were so intense. I would keep awake half the night. I could not put my hands in water for just as soon as I touched them I would almost go crazy. For one year and a half I could not do my work."

"I tried everything anybody told me about. My hands were sore two years before I used the Cuticura Soap and Ointment. The first time I used them I felt relieved and the itching began to stop. In a month you would never know that my hands were ever sore." (Signed) Mrs. Susie M. Edson, Oct. 1, 1914.

Infant Scalded—May Die.

Dr. H. T. Thurber received a hurry call to Factory Hill Tuesday morning. The 11-months old son of Frank and Roy Zaluski was badly scalded by tipping over a pitcher of boiling water which his mother had left standing on the floor. Dr. Thurber says if the child lives 24 hours he may save his life.

Rev. Phoebe P. Scully of Albany, N. Y., is the guest of relatives and friends in town.

Station Agent Injured.
O. F. Miller, station agent for the N. Y. N. H. & H. R. R. had a bad fall from a freight car door Tuesday morning. He was badly injured and is being treated at the hospital.

OBITUARY.

Howard Richmond.
Howard Richmond, 51, died Tuesday afternoon at the Norwich State hospital at Brewster's Neck, Tuesday afternoon. He was a deaf mute and has lived in Jewett City for ten years, coming from Voluntown where he was born about 50 years ago.

He is survived by a brother, George Richmond, Hope Valley, Ct., and two sisters, Mrs. John Randall of Westerly, R. I., and Mary Richmond at present an inmate at Brewster's Neck. There are relatives living in Jewett City. While in Jewett City he was employed as a cobbler, and was always known as a steady, honest, and reliable man. He was expert in the deaf and dumb language, and taught it to several people here. He was much interested in current topics, and was known to any one who would give attention to his signs and gestures.

Guests From New York.

A "Ribband" for my Lady's Neck

Time was when a simple ribbon was all that any one could desire, but times have changed, and now Dame Fashion, backed by skilled artisans, has declared that only the daintiest nets and organdies, laces and lawns, shall be used upon my lady's neck.

There are many very dainty collars in Beorgette Crepe, Crepe de Chine, Net, Imported Velle or Organdie, in many variations of both high and low neck effects. There's a decided tendency toward deeper collars, fish and jabot effects. These, in either plain or beautifully embroidered designs, are marked at prices ranging from 50c to \$10.50.

Collar and Cuff Sets, too, are very beautiful, and the same dainty fabrics, Beorgette Crepe, Crepe de Chine, Nets and Velle are used. A large selection awaits you in pretty hand embroidered, plain or lace trimmed models. Prices from 50c to \$3.50.

Vestees, sheer and dainty, in high or low neck effects, are shown in the popular Beorgette Crepe, Velle, Laces, Nets and Organdies. The Vestee is a very important part of many costumes at the present moment. Handsome designs from 25c to \$2.95.

High Stole Collars with jabot effect are especially featured for the higher neck dressings, becoming more and more prominent as a style feature. They are very pretty indeed and moderately priced—from 50c to \$2.55.

Crepe de Chine Ties, Roman and Checked Windsor, and many novelties, are to be seen at 25c and 50c.

STAFFORD FAIR OPENS.

Crowd of 13,000 on Tuesday—Good Season Ascension—Speedy Racing—Exhibits Excellent.

Columbus day lured 13,000 people to the 45th annual Stafford fair which opened today. A large part of the crowd hailed from Massachusetts, and the fair was well represented throughout the state.

The big agricultural exhibitors this year are Seth Schofield, L. E. Dimmock, both of this place, and Edmund Baker of Vernon Center. These three specialize in staple farm products, while Clayton Clough of West Willington, Conn., and A. B. Howard and son of Belchertown, Mass., Charles H. Larned and C. R. Geer of Belchertown are strong contenders for the premiums in the fruit line.

Popular Entertainment.

The stage events all won approval, with the balloon ascension featured by a triple parachute drop, was as much a thriller as ever. There was nothing to find fault with in the amusement line for there was something else every minute.

This year's horse racing on the new track was all that could be desired, resulting as follows:
